## User-Intuitive

"Handwritten Character Recognition Software",  
enabling dynamic text conversion

Powerful backup support of automatic conversion  
system from "handwritten" input to digital data!!  
Handwritten information data is copiable and storable  
without causing deterioration!!

## Technote TN-A401 Unit Specification

Reading System	Electromagnetic Induction Type
Outer Dimension	332x249x16mm (WxDxH)
Weight	545g (Battery NOT included)
Writable Range	A4 Size Paper 210x263mm
Writable Paper Thickness	Max. 7mm
Display Resolution	2000LPI
Report Rate	200 reports per second
Record Media	Internal Memory (32MB)
Corresponding Battery	AAA size Alkaline Battery x4
Power Consumption	60mW±15mW
Power Supply Voltage Consumption Current	3V/20mA±5mA
Battery Life	Approx. 100 Hrs.
Power Saving Function	Incorporated, automatically switched into pause mode

## Technote TN-A401 Digital Ink Pen Specification

Outer Dimension	Total Length: 152mm Max. Diameter: 16mm
Weight	12g (Battery included)
Corresponding Battery	1.4V Button Battery (PR48)
Battery Life	Approx. 500 Hrs.
Ink Cartridge	Total Length: 67mm Max. Diameter: 2.3mm

## Technote TN-A401 Supported File Formats

Specific File Format	DNT
General File Format	PDF, JPG, BMP

## Supported System

OS	WindowsXP/2000
CPU	Pentium III 500MHz or more recommended
Memory	128MB or more recommended
Hard Disk	32MB or more of available hard disk space
Interface Compliant Standard	USB
