 enabling dynamic text conversion

Powerful backup support of automatic conversion  
 system from "handwritten" input to digital data!!  
 Handwritten information data is copiable and storable  
 without causing deterioration!!

## Technote TN-A501 Unit Specification

Reading System	Electromagnetic Induction Type
Outer Dimension	281x180x210mm (W x D x H)
Weight	358g (Battery NOT included)
Writable Range	A5 Size Paper 150x210mm
Writable Paper Thickness	Max. 7mm
Display Resolution	2000LPI
Report Rate	200 reports per second
Record Media	Internal Memory (32MB)
Corresponding Battery	AAA size Alkaline Battery x4
Power Consumption	60mW ± 15mW
Power Supply Voltage Consumption Current	3V/20mA ± 5mA
Battery Life	Approx. 100 Hrs.
Power Saving Function	Incorporated, automatically switched into pause mode

## Technote TN-A501 Digital Ink Pen Specification

Outer Dimension	Total Length: 152mm Max. Diameter: 16mm
Weight	12g (Battery included)
Corresponding Battery	1.4V Button Battery (PR48)
Battery Life	Approx. 500 Hrs.
Ink Cartridge	Total Length: 67mm Max. Diameter: 2.3mm

## Technote TN-A501 Supported File Formats

Specific File Format	DNT
General File Format	PDF, .JPG, BMP

## Supported System

OS	WindowsXP/2000
CPU	Pentium II 500MHz or more recommended
Memory	128MB or more recommended
